## NEW YORK VS TAMMANY

That the effort to unseat Murphy of Tammany Hall has proved a failure, there can be no question. He has become too thoroughly entrenched as Chairman of Tammany organization to get at him. The success of Democracy in New York depends upon the removal of the Tammany leader from his exalted position and the question naturally arises, how is this to be accomplished? That the Wizard of Tammany has been undergoing a change of heart lately is very evident. The main trouble between him and Governor Sulzer, whom he had impeached, was over the primary law and one of Governor Glynn's first acts was to draw up a primary law more drastic than the Sulzer law and it went sailing through a Murphyizing Legislature without opposition. The question naturally arises who has tamed the Tammany Tiger. The Commercial Appeal says the man behind the gun is William T. McCombs, who was President's Wilson's Campaign manager and the new Democrat National Committeeman. It is said that when Governor Glynn became Governor, after the impeachment of Governor Sulzer, he sent for McCombs and after going over the conditions in the State, with him, asked him what he was to do and it is reported that McCombs said, in his cool, determined way, "If I were you I'd just go along in my way and be Governor." Mr. Glynn has taken his advice and has had pretty clear sailing. It is even claimed that Murphy will not oppose the removal of one of his henchmen from the Chairmanship of the Democrat State Committee and the selecting of one of his political enemies in his place and that in the face of the fact 25 of the 48 State Committeemen are dead-in-the-wool Murphy men. Certainly someone has caused a change to come over the gentleman of Tammany fame and if McCombs has been able to exercise this much influence over the chieftain perhaps he will be able to go a step farther and depose him from his throne as Tammany leader. McCombs and Murphy have always been the best of friends personally but always differed widely politically. McCombs has always stood for clean politics Murphy for anything to win. Still Murphy admires McCombs and he may be able to wield enough influence over the Tammanyite to get him to step down and out for the sake of harmony and if he can accomplish this much he will have accomplished another one of the impossibilities for the democracy of the nation.

## CHRIST'S COMING WORLD'S END 1914

Not Pastor Russell's View at All—He Explains His View.

Canadian Minister Quoted—"The Earth Abideth Forever"—Christ Will Not Come Again as a Man. According to the Bible—Pastor Russell Believes That 1914 Marks a Great Change of Dispensation—Christ's Parousia Precedes His Epiphany.

PASTOR RUSSELL

March 22.—Pastor Russell, whose FREE Photo Drama of Creation is being put before the people in many large cities, everywhere arousing enthusiasm for God, religion and the Bible, preached today from the text:

"Thus shall also the coming [Parousia—presence] of the Son of Man be; they shall be eating, drinking, planting and marrying, and know not."—Matthew 24:37, 38.

The Pastor was prompted to select his text by reading an extract from a recent sermon of a Canadian minister, who declared that 1914 would witness the Second Coming of Christ. The statement permitted the inference that the minister holds the view common to nearly all creeds—that the earth is to be burned up and the human race blotted out, and that Christ will come, to see that none of the Church are destroyed. All such expectations, the Pastor claimed, are wholly unscriptural, untrue and misleading.

Then the Pastor explained in full the various Scriptures commonly supposed to support such views. The wrong interpretations so prevalent, he claimed, belong to the Dark Ages, when public teachers seemed to lose all appreciation of figurative language; and when Christ's references to Gehenna Fire, which burned outside the wall of Jerusalem, were understood to refer to an eternity of torture for all except the saintly few. He showed that St. Peter's words, "the heavens shall be on fire," and "the earth and the things therein shall be burned up," refer to the very period which St. Peter elsewhere calls "Times of Restitution" and blessing "not world-burning to follow Jesus' Second Coming."

Both the Master and His Apostles, the Pastor asserted, frequently used the word fire as symbolical of tribulation. Among the many Scriptures quoted to substantiate his assertion was St. Peter's exhortation, "Think it not strange concerning the fiery trial which shall try you."

The Pastor quoted many Scriptures to prove that the earth is not to be destroyed, that "the earth abideth forever," that God "created it not in vain, but formed it to be inhabited." This last prophecy, he claimed, has not yet been fulfilled; for immense tracts of land are still uncultivated.

The speaker then discussed popular misconceptions respecting the end of the world and showed that these are based upon a misunderstanding, due to the fact that our Common Version Bible uses the word world where the word age, epoch, order of things, would better express the thought of the original. According to Scripture, the present order, of which Satan is ruler, is to give place to a new order of things, under control of the Prince of Light.

## Christ's Second Coming

Next the Pastor demonstrated conclusively from Scripture that our Lord is no longer a human being. Nearly nineteen centuries ago, the Logos left Heavenly glory and was made flesh. God had pronounced a death sentence upon man, from which the race could not be released unless some one would become their redeemer and meet the penalty for them. This penalty was death, not eternal torment, of which the Scriptures know nothing. Our Lord carried out the Divine Program, and as a reward has been highly exalted—"far above angels."

The speaker then showed that the word coming is used to translate several very different Greek words. One of these is Parousia, meaning presence, and used in reference to the first stage of our Lord's Second Advent. He will be invisibly present. For a while none will realize His Parousia, except the Church. All earthly things will continue as they have—buying, selling, marrying, etc.—for a while.

Later on will come the Epiphany—the revelation, or manifestation—not in the flesh, but in a great Time of Trouble, symbolically represented as fire. We read, "He shall be revealed in flaming fire, taking vengeance."

The Pastor understands the Bible to teach that Jesus has thus been present since 1874. The Second Advent began then. The wonderful progress in the world since then Bible students thus explain. They understand the Bible to teach that this Parousia will continue for a thousand years; but that the Epiphany will be due forty years after the Presence began. For this reason they are looking very intently to see what the year may bring.

Everywhere we see signs of unrest, a time of trouble brewing. It looks as though this year would mark the beginning of the flaming fire of judgments which will characterize the inauguration of Messiah's glorious reign of righteousness and life eternal.

## WASHINGTON'S REALTY DEAL HOTLY DEBATED

Washington, Feb. 23.—While the house overlooked the custom of having a member read Washington's farewell address from the speaker's rostrum to commemorate the first president's birth, George Washington's participation in real estate deals in the national capital was a feature of debate Monday on District of Columbia legislation.

Representative Sisson of Mississippi, democrat, was questioning the propriety of property-owning in the capital by representatives in congress and others having to do with legislation relating to taxation of Washington real estate when Republican Leader Mann asked if the Mississippian "meant to cast any reflection on the father of his country," who owned a great deal of land in Washington.

"I do not believe the father of our country," Mr. Sisson began, when Mr. Mann interjected: "He did the identical thing that the gentleman condemns."

"I do not believe if what they say about it is true," responded Mr. Sisson, "it is to the credit of the father of our country, that he was interested in the development of real estate here."

"I think it is very much to his credit," Mr. Mann retorted, "that when the capital was located here he endeavored to develop it instead of opposing it."

Representative Garrett of Tennessee interrupted at this point to remind the debaters that Washington city never was the seat of government while George Washington was president.

## MRS. MCGILL BROKE DOWN

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good. One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more."

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui. Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need.
